2010 - 2011 ANNUAL REPORT ON GIVING

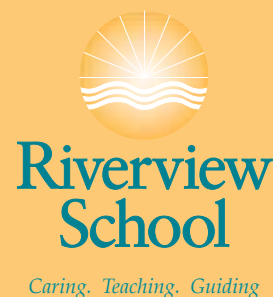

*A tradition of
excellence
and innovation
in education*

*A long and
distinguished
legacy of
philanthropic
support*

September 2011

Dear Riverview Families and Friends,

With this inaugural edition of the Quarterboard Special Report on Giving, we are launching an annual publication that recognizes and thanks all who have supported Riverview during the past school year. Their generosity has enabled us to advance the mission of our School and sustain the excellence of our programs and our people. In so doing we again fulfilled the promise of a Riverview education, paving the way for a richer, fuller life for our students, now and in the future.

Over this past year, we achieved many significant milestones because of the support and dedication of so many champions of Riverview. Who could forget the memorable dedication of James Center last fall? With its opening, we now hold weekly assemblies and presentations in the Lund Auditorium and admire engaging art exhibits in the Eisenberg Gallery. We enjoy daily meals in Hunter Commons where our GROW students gain real work experience throughout the year. The art and drama that emanate from the second floor classrooms enrich all our lives. In one short year, the impact of this addition to our campus has been truly remarkable.

We also thank the many donors who contributed to the Helmsman Fund, the School's annual giving program. This fund allows us to deliver outstanding programs by bridging the gap between tuition income and actual operating expenses. We exceeded our goal this past year which is another tangible demonstration of your belief in our daily work here on campus.

The year concluded in June with another successful Gala. With an expansive silent auction, followed by a rousing live event, over \$500,000 was raised for the School. Fund-a-Dream comprised slightly over \$200,000 of the total. These gifts are contributing to the launch of Café Riverview, our new career development program. We will be sharing more news about this exciting project as the year unfolds.

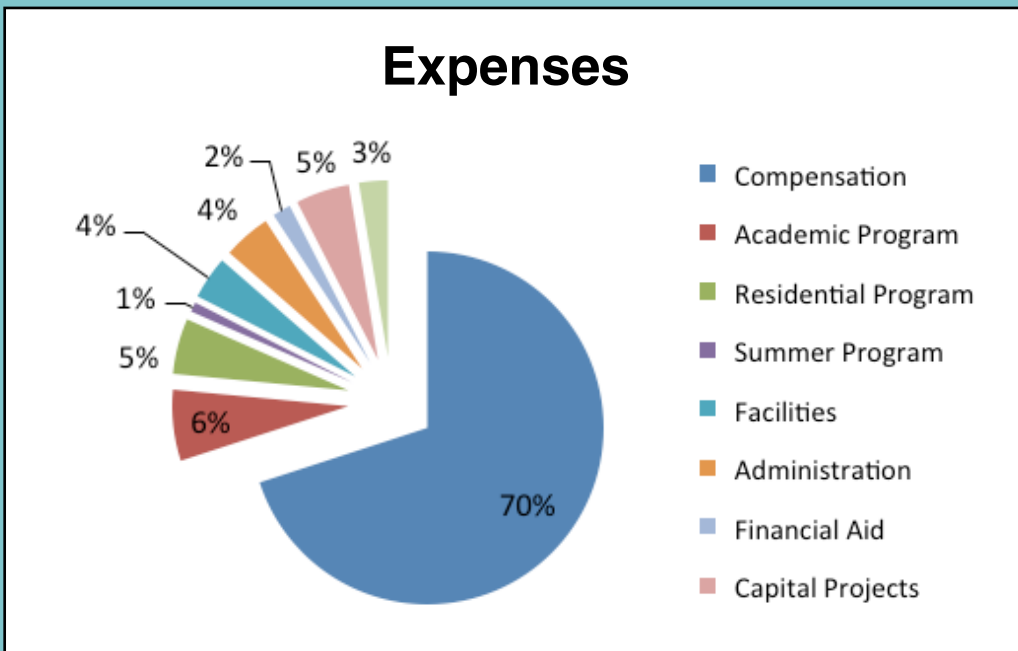

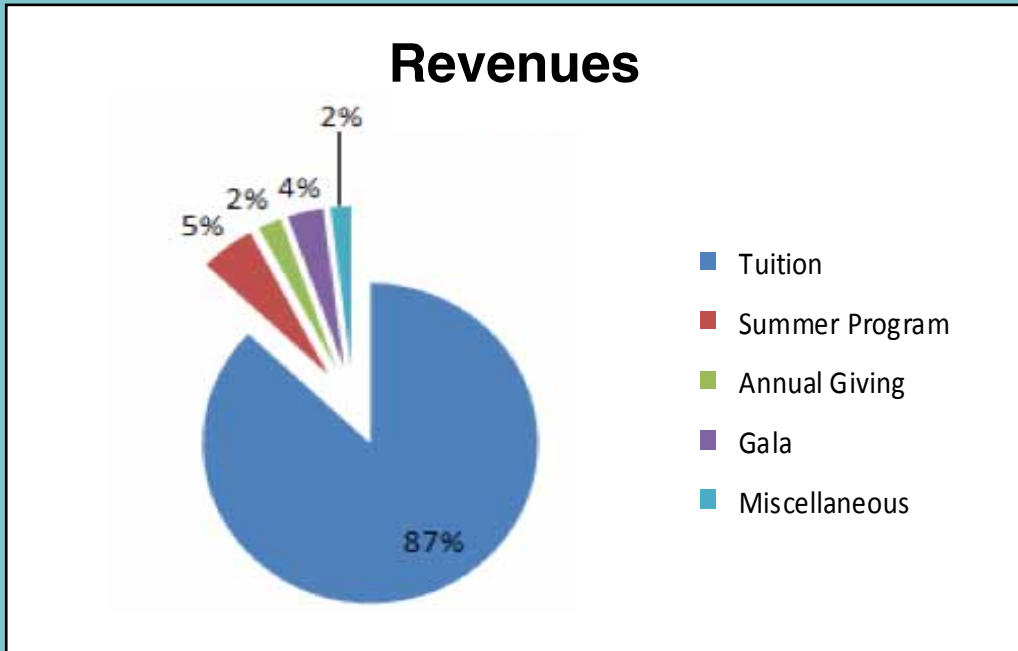

Riverview has a long and distinguished history of philanthropy. Our benefactors have been incredibly generous over the years, including the one just concluded. On behalf of the entire school community, thank you; we could not be more grateful and humbled. We look forward to this tradition of generous support continuing in the years ahead.

With deepest appreciation,

EDWARD R. MULLER
Chair, Board of Trustees

MAUREEN B. BRENNER
Head of School

2010-2011 OPERATING BUDGET SUMMARY

Riverview again achieved a balanced operating budget for this past fiscal year.
