

Dear Friend,

Riverview School is a special place – a community which provides an inclusive, nurturing, and personalized educational environment for young adults with learning differences. For families, the impact of a Riverview education and the support and guidance their child receives is immeasurable. Riverview Faculty and Staff work tirelessly to prepare students for a life of independence, connection, happiness and fulfillment. We rely on donors and supporters like you to help us realize this vision.

After two long years, we are thrilled to be hosting our annual Village of Dreams Gala back on our beautiful Cape Cod Campus. Each year, hundreds of people from around the world come together in a show of support, celebration, generosity and unity. One thing we know: Riverview is committed to creating the best environment possible for its students, and therefore has big dreams!

The Village of Dreams Gala was born from this concept- that dreams are realized thanks to our “village.” A village filled with educators, advocates, diverse thinkers, and innovative visionaries. Founded on the belief that Riverview exists to empower students to maximize their potential, foster independence and self-determination, and form long-lasting relationships, we look to people like you to help us impact even more students and families.

**This year, our Fund-A-Dream is focused on establishing more robust financial aid opportunities for families. For many, the cost of a Riverview education can be the barrier to accessing the programming their children need and deserve. We recognize that finding a school like Riverview can be an arduous enough journey for families. We never want the determining factor of access to our transformative programming to be a financial one, and we are committed to do all we can to ease this burden. Increasing our financial aid funds will allow more families to benefit from the Riverview School experience.**

Each year, we rely on the generosity of our donors to help us reach our goals. We ask that you please consider supporting the Riverview Village of Dreams Gala with an auction donation or event sponsorship. Each donation offsets the cost of our event, allowing for more funds to directly impact our ability to make so much possible for our students.

Kind regards,
